LETTER OF INTENT

4th February 2026

Letter of Intent for Erasmus+ KA171 Cooperation and Strategic Academic Partnership

Dear Sir/Madam,

I am writing to formally express our strong interest in establishing a collaborative partnership with Świętokrzyska Szkoła Wyższa (ŚSW) within the framework of the Erasmus+ KA171 (International Credit Mobility) program.

We have closely followed ŚSW's commitment to academic excellence and its active role in the Demos Kratos European University Alliance. We believe that a partnership between our institutions would be mutually beneficial, fostering a rich exchange of cultural and academic perspectives.

Our immediate objective is to establish an Erasmus+ KA171 framework focusing on credit-bearing student mobility and staff exchanges for teaching and professional training. These initiatives are designed to enhance global employability and diversify pedagogical approaches across our campuses.

Beyond mobility, we envision a long-term partnership involving joint research in shared disciplines, collaborative publications, and capacity-building projects. By aligning our academic expertise with the "Union of Science and Business," we aim to bridge the gap between higher education and the labor market, creating a robust, multi-layered alliance that benefits both institutions.

We look forward to the possibility of a fruitful and long-lasting cooperation with Świętokrzyska Szkoła Wyższa.

Yours sincerely,

Prof. Dr. H. Haryadi, S.E., M.M.S.
